

PUPPY SALE CONTRACT for:

<FullTitledName> (<RegNo>) Date of Birth:

This is an important document. You should not buy the puppy or sign this Contract unless you intend to be bound by its terms and conditions.

This is a contract between (**BREEDER**) and (**NEW OWNER**)

1. This puppy has been bred with care and raised in a busy household environment and is used to most everyday household noises and been handled/socialised from birth. Every effort has been made to ensure that this puppy is healthy in body and mind and is sold subject to it being understood that, as a living creature, it is impossible to predict how it will continue to develop especially as regards behaviour over which you will have the principal influence.

2. The puppy is considered by the breeder, to be a good example of the breed and of sound temperament.

3. This puppy has been health checked by our Vet. You have 72 hours to, at your own cost, have your Vet health check this puppy and make arrangements to begin the appropriate vaccination programme. If during these 72 hours anything is found that you are not happy with, you will return the puppy to the breeder and receive a refund of the purchase price less any non-refundable deposit providing that:

- a) you specifically confirm that we will not be held responsible for any distress caused by the return of the puppy
- b) you are solely liable for any costs associated with the return of the puppy to us;
- c) the puppy is returned to us within 72 hours of being purchased
- d) the puppy is in the same state of health as it was when purchased
- e) the puppy is not damaged, or been operated on, in any way
- f) the puppy has not been injected with or otherwise administered any vaccination, nosodes, homeopathic remedy or drugs of any sort
- g) you provide, free of charge, a written statement from your Vet setting out the problem

By signing this agreement, you are confirming that

- 1. You understand and agree that if at any point during the lifetime of this puppy if you are no longer able to keep and maintain it, you will return it to the breeder, along with all registration documentation (signed appropriately to return ownership to the breeder), all vaccination and veterinary treatment records, and that **YOU WILL NOT** abandon, sell/give away, lease or otherwise pass this puppy on to any other person, rescue centre, party or organisation.

(a) If this clause is breached, and we are forced to locate and recover the puppy, you acknowledge and accept that you will be wholly liable for all costs and associated costs of recovery, including legal fees and overseas recovery if the puppy is found to be exported; whether or not that you knew the puppy was exported.

(b) If this puppy is freely returned to us, you may expect a refund of the purchase price, less any non-refundable deposit, feeding costs, veterinary charges and any other associated charges/fees and advertising costs if/when the puppy is sold by the breeder to other suitable person(s).

We bred this puppy and are committed to its welfare and well-being. You agree and confirm that you will give this puppy every care and attention according to its needs and that you will have:

a) it vaccinated annually by a Registered Vet or Vaccination Clinic, or follow a specific vaccination program as prescribed by a BVA registered Vet, wormed at least every six months and have any other treatments that may be recommended by a Vet for the health and well-being of this puppy;

b) You further understand that if there is a failure to keep any part of this contract, or if the puppy is neglected, maltreated, or is failing to receive adequate and proper medical care, you will immediately surrender said puppy to the breeder unconditionally and without financial restitution or compensation, along with all registration documentation (signed appropriately to return ownership to the breeders) all vaccination and veterinary treatment records including all health testing results and certificates.

6. You agree to report all changes of address and telephone number to the breeder during the lifetime of this puppy. The breeder will make all reasonable efforts to advise you of any changes of address and/or telephone numbers of the breeders.

7. This puppy has been micro chipped to aid identification and return, should it be lost or stolen.

8. This puppy has been wormed at least 3 times before leaving us. Further information on worming dates and of any worms seen/produced will be detailed on a separate sheet along with detail of any veterinary treatment received by this puppy.

9. You understand that you can approach us for help, advice and information at any time during the lifetime of this puppy and that, wherever possible, it will be freely given.

10. We are interested in everything that happens in the life of your puppy, good or otherwise. We encourage and welcome all updates and photographs throughout the lifetime of this puppy.
